January 7, 2021

Dr. Alina Alonso  
Director  
Florida Department of Health, PBC  
P.O. Box 29  
West Palm Beach, FL 33402

Dr. Alonso,

The Palm Beach County Fire Chiefs Association represents the 12 Fire Rescue Agencies within Palm Beach County. We collectively urge the Department of Health to provide sufficient numbers of vaccines to the Fire Rescue Agencies in order to operate closed PODs within their jurisdictions. Our agencies have the ability to efficiently provide vaccine administration services to our citizens.

Our agencies are committed to this ongoing mission and will continue to engage our communities throughout the process. Our personnel will administer the vaccine in conformance with the priority distribution requirements of the Governor's Executive Order 20-315. We hope that we are given the same consideration as the mass sites to strategically help our most vulnerable citizens.

Departments are prepared to immediately vaccinate our communities at the per day/ week numbers listed on page 2 below.

Sincerely,

Diana J. Matty  
President  
Palm Beach County Fire Chiefs Association
